ITALIANATE STYLES

Local expressions of Italian native grape varieties are among the most exciting idioms of Australian wines to date; coaxing a great deal of international attention and accolades.

As Shiraz, Cabernet and the litany of fruit salad grape varieties-often planted to little rhyme or reason in this harsh land-fail the sustainable equation; look out for wines like these, better attuned to a dry, Mediterranean climate and old soils; without the need for regular water and over tweaking in the winery.

Expect structural poise, sufficient fruit and layered, savoury length. THE future!

AGED RELEASES

When tannins soften, colour dims and age imbues an uncanny level of complexity-aromas of carnal undergrowth, game, five-spice and the unsaid-these wines are unleashed across our list.

Thanks to deep, cool cellars and an established wine team at OTTO, it is our pleasure to offer a swag of wines at their optimal drinkability, representing iconic Australian and Italian regions alike.

MINIMAL INTERVENTION

This page is dedicated to an exciting group of minimal interventionist winemakers, many working with organic and even biodynamic principles in mind. Be it the attention to detail demanded by lower sulphur additions and minimal tampering of grape from vine to bottle, the wines on this page are transparent, vibrant, firmly of place and a ode to a compelling new perspective on World wine.

These wines are made with an idyll in the minds eyes: a sustainable and holistic environment that is free of excessive chemicals and manipulation, while flowing with the sort of crunchy lip smacking goodness manifest in these elixirs.
